## **twATTy**

2009-07-06 23:49:39 by craven

twATTy is a small desktop app from which you can send tweets to twitter :P  
twATTy is pre-release alpha so there are many bugs still :) but  
it is usable.

requirements: .Net framework 3.5sp1

download here: [twATTy v0.0.1 build55](#)
