## new twaTTY version

2009-07-13 23:09:24 by craven

I've released a new version of twaTTY today:

You can download this version [here](#)

Whats changed:

i am using [tweet#](#) as library now they made everything much easier.

whats changed:

- Added threading
- Added friends timeline viewer
- cleaned up code
- added code to svn

Todo:

implement better friends timeline  
bugfixing :)

You can get the sourcecode at: <http://svn.the-legacy.net/twaTTY/>
